Keystone and Naildriver Go Downward in Salt Lake Deals

The trading today on the Salt Lake Stock and Mining Exchange was much more active than it has been for the past ten days or two weeks. The prices, however, in most of the issues remained unchanged, although there were few that moved slightly downward. Keystone and Naildriver sold off the most, the former opening at 78 cents and changing hands as low as 74 cents, while the latter opened at 64 cents and sold as low as 62 cents. The closing with 61 cents bid and 62 cents asked. Tintic Standard was also a little weaker, it changing hands as low as \$4.72½. Silver King Coal, weakly considered, it opening at \$1.90 and selling as low as \$1.82½, but strengthened a trifle again before the close, closing with \$1.85 bid.

Eureka Lily sold as low 19½ cents; Columbus Rexall changed hands at 61 cents; Empire Copper brought 30 cents; Iron Blossom sold at 35 and 36 cents; Iron King was steady at 34 cents; Judge Mining changed hands at \$4.60; Michigan Utah was very active and sold as low as 63½ cents; New Quincy was steady at 7 cents; Emma Silver changed hands at 10 and 10½ cents; Prince Con. was weaker; selling as low as 59 cents; Silver King Coal brought \$1.50; Union Chief brought 10 cents and West Toledo changed hands at 7½ cents.

STOCKS DECLINE ON PRESSURE

Nervous and Unsettled Opening Followed by Losses in Later Dealings

NEW YORK, April 22.—Stocks were nervous and unsettled at the opening of today's session, but many of the speculative issues which sustained severe losses in yesterday's violent decline recorded substantial recoveries. General Motors made an initial gain of 5 points, which was soon extended to 10 points, and Crucible Steel, Baldwin Locomotive, American Woolen, United States Rubber, Treadwell Steel Car, Vanadium and Republic rose 1 to 3 points. These advances were offset by further reactions of 1 to 5 points for Mexican Petroleum, Lackawanna Steel, shipping and sugar. United States Steel also sold a fraction under yesterday's price. Liberty bonds were the lowest quotation. Liberty bonds were in process of further liquidation, with new low records for the second 4½, third 4½ and fourth 4½.

With the progress of the session, the professional character of the market became more obvious. Short sellers directed their attacks largely against United States Steel, which was offered in round amounts down to 86½, a loss of 2½ points. General Motors followed its partial recovery and some leaders of yesterday's reaction established lower records. The decline was entirely in contrast to yesterday's expected dealings, but little support was manifested except at marked concessions. Pressure relaxed appreciably before noon, as call money opened at 7 per cent. Sales up to that time approximated 1,000,000 shares.

Further recoveries during the inter-trading session carried several leading stocks far above the best prices of the morning. Actual gains of 3 to almost 15 points were made by General Motors, Baldwin, United States Rubber, Republic and Crucible Steel. Call money was freely supplied at the opening rate.

CHICAGO, April 22.—Fervent activity which at times became acute, characterized the corn market today. The weakness was ascribed to fresh breaks in the value of securities in Wall Street. On the downturns in the price of corn, however, strong commission houses turned to the buying side and rallied the market to yesterday's level, and in some cases well above. Then new setbacks quickly ensued. The opening, which ranged from 1½ to 66 cents, was followed by a sharp decline to 1½ to 65 cents, and then followed by extremely rapid fluctuations, but in no instance under the initial bottom figures.

Oats paralleled the action of corn. After opening unchanged to 1½ lower, including July at 83½ to 84½, the market scored a decided recovery and then descended again.

Provisions like cereals, gave way under selling pressure of grain and hogs. Lard touched the lowest prices yet this season.
